CERTIFICATE

of successful completion
is awarded to:

Kristijan Beotić

for finishing a course

˝GAME AND NARRATIVE DESIGN FOR VIDEOGAMES˝

The course covers all the competences necessary for
the production of game stories and narratives, gameplay loops and
balancing of mechanics, as well as the Twine software.
The student demonstrated theoretical and practical understanding of
the course matter by presenting a *Game design document* for their
own game, reviewed and approved by a course mentor.
